

### **WHAT IS HEALTHYHEARTS NYC?**

*HealthyHearts NYC* is a three-year city wide initiative funded by the Agency for Healthcare Research and Quality (AHRQ) aiming to build capacity among small to medium sized primary care practices in the adoption and implementation of the ABCS of cardiovascular disease (CVD) prevention.

### **WHAT BENEFITS CAN I EXPECT FROM PARTICIPATING?**

- ♥ Inclusion in a national initiative engaging over 5,000 primary care providers serving eight million patients
- ♥ Align your site with the implementation of NYS and federal initiatives such as:
  - Meaningful Use
  - Patient Centered Medical Home
  - Delivery System Reform Incentive Payment Program
  - State Health Innovation Plan & State Innovation Models
- ♥ Improve your reportable quality measures
- ♥ Receive one year of on-site and virtual technical assistance and coaching in order to assist in the improvement of cardiovascular care by:
  - Optimizing your electronic health record to improve CVD care delivery
  - Enhancing patient self-management support through dashboards and registries
  - Assessing and developing practice workflows to improve billing and care coordination
  - Training staff on creating systems to increase efficiencies and community linkages
- ♥ Obtain expert consultation from nationally recognized clinicians specializing in CVD risk reduction
- ♥ Access peer-to-peer learning opportunities with your primary care colleagues

### **WHAT WILL IT COST MY SITE TO PARTICIPATE?**

Participation in this project is absolutely **free!** In addition, your site will be financially compensated.

### **WHY IS HEALTHYHEARTS NYC UNIQUE?**

*HealthyHearts NYC* is an innovative cooperative that brings together a multidisciplinary group of health services researchers from NYU Langone Medical Center, and healthcare delivery and public health professionals from the Community Health Care Association of New York State (CHCANYS) and the NYC DOHMH's Primary Care Information Project (PCIP), who are on the frontline of transforming primary care practices to improve healthcare quality and outcomes.

**Don't skip a beat...**
