

**Table VI.B-1. Children with Disabilities Algorithm (CWDA) compared to Parent Survey.**

n= 114		Parent Survey*	
		Disability	No disability
CWDA	Disability	53	6
	No disability	18	37
	<i>Sensitivity</i>	<i>0.75</i>	--
	<i>95% Confidence Interval</i>	<i>0.63-0.84</i>	--

\*Parent response to National Health Interview Survey question "Do you consider your child to have a disability?"

**Table VI.B-2. Children with Disabilities Algorithm (CWDA) compared to Physician Chart Abstraction.**

N=336		Chart Abstraction*	
		Disability	No disability
CWDA	Disability	204	64
	No disability	4	64
	<i>Sensitivity</i>	<i>0.98</i>	--
	<i>95% Confidence Interval</i>	<i>0.95-0.99</i>	--

\*Chart abstractor response to "Do you consider this child to have at least one disability for the full duration of the target abstraction period?"
