

Table 15: Unadjusted FECC indicator scores by English proficiency

Indicator	Indicator ID	English proficient (n=1094)	LEP (n=154)
Care Coordination Services			
Has care coordinator	FECC-1	70.0	88.3***
Access to care coordinator	FECC-2	96.9	90.4**
Care coordinator helped to obtain community services	FECC-3	46.8	67.7*
Care coordinator contact in the last 3 months	FECC-4	43.2	53.1
Care coordinator asked about concerns and health changes	FECC-5	82.6	71.3**
Care coordinator asked about progress towards goals	FECC-6	82.6	93.3
Care coordinator assisted with specialist service referrals	FECC-7	71.2	82.8
Care coordinator was knowledgeable, supportive and advocated for child's needs	FECC-8	85.1	79.1**
Caregiver has access to medical interpreter when needed	FECC-15	N/A	N/A
Messaging			
Appropriate written visit summary content	FECC-9	81.7	76.1*
Written visit summary was useful and easy to understand	FECC-10	86.0	88.4
Invited to join hospital rounds	FECC-11	48.9	62.2
Appropriate written hospitalization summary content	FECC-12	90.4	84.3*
Written hospitalization summary was easy to understand	FECC-13	92.0	91.7
Caregiver has access to electronic health record	FECC-19	38.4	18.1***
Electronic health record has immunization	FECC-20	69.2	78.3

and medication information

Health care provider communicated with school staff about child's condition	FECC-14	26.2	50***
---	----------------	------	-------

Protocols/Plans

Child has shared care plan	FECC-16	40.8	61.8***
Child has written transition plan	FECC-18	9.5	7.1
Child has emergency care plan	FECC-17	19.3	27.2*

Compared to English proficient reference group using linear or logistic regression: *p<0.05 **p<0.01 ***p<0.001

Table 16: FECC indicator scores stratified by English proficiency, adjusted for state, child age, and caregiver age

Indicator	Indicator ID	English proficient (n=1094)	LEP (n=154)
Care Coordination Services			
Has care coordinator	FECC-1	70.5	88.2***
Access to care coordinator	FECC-2	96.8	91.3*
Care coordinator helped to obtain community services	FECC-3	46.0	68.1*
Care coordinator contact in the last 3 months	FECC-4	42.9	54.4
Care coordinator asked about concerns and health changes	FECC-5	83.4	71.2**
Care coordinator asked about progress towards goals	FECC-6	82.1	93.9
Care coordinator assisted with specialist service referrals	FECC-7	71.1	84.0*
Care coordinator was knowledgeable, supportive and advocated for child's needs	FECC-8	84.7	79.5*
Caregiver has access to medical interpreter when needed	FECC-15	N/A	N/A
Messaging			
Appropriate written visit summary content	FECC-9	81.9	75.7**
Written visit summary was useful and easy to understand	FECC-10	86.7	88.4
Invited to join hospital rounds	FECC-11	51.0	60.8
Appropriate written hospitalization summary content	FECC-12	89.8	85.5
Written hospitalization summary was easy to understand	FECC-13	92.1	92.2

Caregiver has access to electronic health record	FECC-19	38.2	16.9***
Electronic health record has immunization and medication information	FECC-20	69.6	79.4
Health care provider communicated with school staff about child's condition	FECC-14	26.9	49.4***

Protocols/Plans

Child has shared care plan	FECC-16	40.9	64.8***
Child has written transition plan	FECC-18	9.4	7.2
Child has emergency care plan	FECC-17	19.2	27.1*

Compared to English proficient reference group using linear or logistic regression: *p<0.05 **p<0.01 ***p<0.001
