Center for Quality Improvement and Patient Safety, AHRQ

Agency for Healthcare Research and Quality

- AHRQ is:
 - ▶ A research and science-based agency of the US Department of Health and Human Services that supports evidence-based practices.
 - ▶ The lead Federal agency charged with improving the safety and quality of America's healthcare system.

- AHRQ is not:
 - ▶ A regulatory agency. AHRQ can not require the use of our tools and products.

AHRQ's Core Competencies

- **Health Systems Research:** Invest in research and evidence to make health care safer and improve quality.
- **Practice Improvement:** Create tools for health care professionals to improve care for their patients.
- **Data & Analytics:** Generate measures and data to track and improve performance, and evaluate progress of the US health care system.

AHRQ Patient Safety Priorities

- Focus on areas of greatest impact
- Extend patient safety improvement to all settings
- Prevent HAIs, reduce antibiotic resistance
- Build capacity in the health care system to accelerate safety improvements
- Improve communication and engagement between clinicians and patients
- Make the safe thing the easy thing to do

AHRQ's SOPS Program

- Initiated and funded by AHRQ since 2001 to advance the understanding, measurement, and improvement of patient safety culture within healthcare settings
- Develops validated surveys and measures
- Supports voluntary data submission to SOPS databases
- Conducts research to further the measurement and understanding of patient safety culture
- Develops tools to improve safety culture in facilities

What is Patient Safety Culture?
